SUMMARY

Full-stack developer with 4+ years of professional experience designing and building scalable and user-focused web applications. Strong focus on frontend development with React, Next.js, and TypeScript, combined with backend expertise in Node.js and NestJS. Experienced in software development, microservices, and web technologies. Passionate about clean code, best practices, and delivering solutions that bridge user experience with technical excellence.

SKILL

Languages & Frameworks: TypeScript, JavaScript, Python, C#, SQL, HTML5, CSS3, React, Next.js, Node.js, NestJS

Tools & Platforms: Docker, PostgreSQL, MongoDB, Git, GitHub, Linux (Debian), CI/CD, REST APIs, Socket.io

Methodologies: Agile/Scrum, TDD, Clean Code, Software Architecture

WORK EXPERIENCE

AGETIC

Jun 2025 – Present

Consultant Software Developer

- Developing full-stack applications with TypeScript, Next.js, and NestJS in a Debian 13 Trixie environment.
- Building scalable microservices and REST APIs supporting digital government platforms.
- Collaborating with multidisciplinary teams to deliver secure, high-performance software.

Agencia Boliviana Espacial

Jul 2024 – Nov 2024

Software Developer

- Developed and maintained enterprise-grade applications using TypeScript, Next.js, Angular 12, NodeJS, and PostgreSQL.
- Implemented geospatial data processing pipelines and optimized application performance.
- Contributed to CI/CD improvements and testing strategies to enhance deployment reliability.

Jalasoft

Apr 2021 – Jan 2024

Software Engineer

- Contributed to the development of an online assessment platform for developers using React, TypeScript, MongoDB.
- Built and optimized low-code frameworks in TypeScript, KnockoutJS, and KendoUI.
- Implemented automated testing with C#, Selenium, and .NET Core in a SCRUM environment.
- Improved maintainability of codebases by implementing best practices in architecture.

Exxis-Group

Jul 2019 – Dec 2021

Software Developer

- Developed ERP modules and internal applications with JavaScript, .NET Core, and MySQL.
- Implemented new features and optimized existing modules, improving performance and usability.
- Collaborated with cross-functional teams to deploy production-ready solutions.

EDUCATION

Bachelor of Science in Computer Science

Universidad Mayor de San Andrés – La Paz, Bolivia
