SUMMARY

Full-stack developer with over 5 years of professional experience designing and building scalable, user-focused web applications. Strong focus on frontend development with React, Next.js, and TypeScript, combined with backend expertise in Node.js and NestJS. Experienced in software development, microservices, and modern web technologies. Passionate about clean code, best practices, and delivering solutions that bridge user experience with technical excellence.

SKILLS

Languages & Frameworks: TypeScript, JavaScript, Python, C#, SQL, HTML5, CSS3, React, Next.js, Node.js, NestJS

Tools & Platforms: Docker, PostgreSQL, MongoDB, Git, GitHub, Linux (Debian), CI/CD, REST APIs, Socket.io

Methodologies: Agile/Scrum, TDD, Clean Code, Software Architecture

WORK EXPERIENCE

AGETIC, Consultant Software Developer

Jun. 2025 – Dec. 2025

- Developing full-stack applications with TypeScript, Next.js, and NestJS in a Debian 13 Trixie environment.
- Building scalable microservices and REST APIs supporting digital government platforms.
- Collaborating with multidisciplinary teams to deliver secure, high-performance software.

Agencia Boliviana Espacial, Software Developer

Jul. 2024 – Nov. 2024

- Developed and maintained enterprise-grade applications using TypeScript, Next.js, Angular 12, NodeJS, and PostgreSQL.
- Implemented geospatial data processing pipelines and optimized application performance.
- Contributed to CI/CD improvements and testing strategies to enhance deployment reliability.

Jalasoft, Software Engineer

Apr. 2021 – Jan. 2024

- Contributed to the development of an online assessment platform for developers using React, TypeScript, and MongoDB.
- Built and optimized low-code frameworks in TypeScript, KnockoutJS, and KendoUI.
- Implemented automated testing with C#, Selenium, and .NET Core in a SCRUM environment.
- Improved codebase maintainability by applying software architecture best practices.

Exxis-Group, Software Developer

Jul. 2019 – Dec. 2020

- Developed ERP modules and internal applications using JavaScript, .NET Core, and MySQL.
- Implemented new features and optimized existing modules, improving performance and usability.
- Collaborated with cross-functional teams to deploy production-ready solutions.

EDUCATION

Bachelor of Science in Computer Science – 2019

Universidad Mayor de San Andrés – La Paz, Bolivia

Graduate Diploma in Higher Education – 2024

Universidad Mayor de San Andrés – La Paz, Bolivia
